2015 SUPPLEMENT

Dear Customer,

Welcome to the supplement catalogue for our 6th Edition Master Guide.
Please use it alongside your Master Zen catalogue.

Inside you'll find new and updated products from our leading brand portfolio. These brands continue to grow, innovate and lead their categories.

As always, if you need any material to help you promote the brands, please let us know.

Sincerely

The Zen Team

Front Cover: Behind an arched iceberg in Disko Bugt, Greenland, Aussie sailboat 'Teleport' became the first junk-rigged yacht to make it through the Arctic's Northwest Passage, across the top of Canada and Alaska. At 29 years of age, photographer and skipper Chris Bray (with fiancee Jess Taunton as crew) is youngest captain to successfully make the voyage in any vessel.

Larkin

Model **XB 050061A MGY5M** (Monterey Grey)

Just the right size for day hikes, cycling and commuting. The Larkin is an outdoor pack that can pass for a city sling. Take it out for a bike ride or a quick summit hike, when you want to carry the essentials without the chances of being overloaded.

Gear Loops / Daisy Chain

Hydration Compatible

Fabric: 210D nylon ripstop with UTS impregnated silicone coating
Suspension: Perforated EVA Zig-Zag foam back panel
Volume: 18L
Weight: 523g
Torso: 18.5"/47cm

TENTS

Taking queues from their backpack line, Boreas have used featherweight materials and their signature ribcage construction to create a range of lightweight tents that are easy enough for the first time camper to set up but also include the technical points an experienced adventurer looks for.

Trava Single Pole

Model **XB 040191A WHT1P** (Single Pole Tent Glacier White)
XB 040191A GRY1P (Footprint Granite Grey)

This lightweight single pole tent is designed for lightning quick setup and breakdown. Windows on the rain fly give the user a clear view of the surrounding nature. Reflective guyouts, guyout lines and door locators help users easily find the tent at night. With an optional footprint*, a fly/footprint setup is there if you want to simplify your load out. To add an extra element of protection our footprint* provides full ground coverage under your vestibule space.

FEATURES
- Simple, lightweight design
- Durable nylon/poly mesh construction with sturdy aluminium poles
- Rain fly windows
- Reflective guyouts, guyout lines and door locators
- Optional footprint* for extra ground protection

Capacity: Two-person
Trail Weight: 1.6 kg
Pitch Weight: 1 kg
Packed Dims: 150 mm x 510mm
Vestibules: Two, 8,825cm^2
Floor Dims: 1280 mm x 2230 mm
Floor Area: 2.88 m^2
Peak Height: 1050 mm
Doors: 2
Pole Material: 7001 aluminum
Pole Diameter: 8.5 mm
Fabrics: Floor - 30D R/S Nylon 3000 mm Sil/PU
Canopy - Poly Mesh
Fly - 20D R/S Nylon 1500 mm Sil/PU
Optional Footprint* - 75D Nylon

Tiago Double Pole

Model **XB 040191A WHT2P** (Two Pole Tent Glacier White)
XB 040191A GRY2P (Footprint Granite Grey)

For those needing a little extra room, the Tiago two-pole tent increases the overall space while retaining all the beauty and design elements of the Trava tent.

FEATURES
- Simple, lightweight design
- Durable nylon/polymesh construction with sturdy aluminium poles
- Rain fly windows
- Reflective guyouts, guyout lines and door locators
- Optional footprint* for extra ground protection

Capacity: Two-person
Trail Weight: 2.1 kg
Pitch Weight: 1.4 kg
Packed Dims: 190 mm x 510mm
Vestibules: Two, 8,825cm^2
Floor Dims: 1350 mm x 2230 mm
Floor Area: 3.04 m^2
Peak Height: 1020 mm
Doors: 2
Pole Material: 7001 aluminum
Pole Diameter: 8.5 mm
Fabrics: Floor - 30D R/S Nylon 3000 mm Sil/PU
Canopy - Poly Mesh
Fly - 20D R/S Nylon 1500 mm Sil/PU
Optional Footprint* - 75D Nylon

*Footprint sold seperately

ACCESSORIES

Rain Covers

Model **XB 04000RCA BLK30** (25/30L Farallon Black)
XB 04000RCA BLK45 (40/45L Farallon Black)
XB 04000RCA BLK60 (55/60L Farallon Black)

These lightweight rain covers fold down to an easily stowable package and come in a number of sizes to suit the majority of the Boreas pack range. Handy for keeping your pack dry in the event of a sudden downpour.

FEATURES
- 200D nylon ripstop with PU coating and taped seams
- Lightweight, foldable design
- Features slots to accomodate hip belts and a securing strap
- Available in sizes to suit most Boreas packs

EuroSCHIRM

For over 90 years, family-run business EBERHARD GÖBEL GMBH+COKG have been revolutionising umbrella design - creating products that are not only compact and lightweight, but have been engineered to withstand the most extreme conditions Mother Nature has to offer. Using next-generation frame materials and high quality fabrics, the range of EuroSchirm umbrellas have been tailored specifically for the outdoor recreation and hiking markets.

UMBRELLAS

Birdiepal Outdoor

Model

XEW2089120 (Black)
XEW208185338 (Green)
XEW2089040 (Olive)
XEW2089027 (Red)
XEW2089058 (Royal Blue)
XEW2089006 (Yellow)
XEW208SI17 (Silver - Sunblock)

Umbrellas don't come much tougher than the Birdiepal Outdoor. These trekking models are designed to handle extreme wind and torrential rain without breaking or tearing, as well as provide UV protection from the sun. Not only strong, the Birdiepal range are lightweight to minimise the total load of your trekking kit.

FEATURES

- Durable high-density fiberglass frame with minimal metal parts
- Premium quality Polyamid fabric canopy, double-stitched between canopy segments with wear-resistant safety tips
- Convenient and reliable safety runner for safe,easy opening
- Fiberglass shaft designed so the opening mechanism doesn't twist, for hassle-free opening/closing of the umbrella even in low light conditions
- Comfortable high-density EVA hardfoam handle with a good grip and integrated floating compass
- Adjustable carrying strap
- Comes with a foldable sleeve case with net and non-slip fabric to store umbrella when wet

Dainty Micro

Model

XE1028-OBL (Black)
XE1028-OBG (Green)
XE1028-OIB (Ice Blue)
XE1028-OLG (Light Green)
XE1028-ONA (Navy Blue)
XE1028-OOR (Orange)
XE1028-OCH (Red)
XE1028-OSI (Silver - Sunblock)

The Dainty Micro provides all the rain and UV ray protection you expect from an umbrella, yet is compact enough to stow comfortably in a day pack or even clip to your belt for quick access. Perfect for taking with you to work or out on the weekend.

FEATURES

- Strong, lightweight and compact design
- High quality aluminium/fiberglass frame - decay and corrosion-resistant
- Super light Teflon®-treated polyester fabric canopy for high water-repellence
- Double-stitched seams between canopy panels
- Rugged Nylon case with a carrying loop

UMBRELLAS (CONTINUED)

Light Trek

Model **XE30299050** (Navy Blue)

The Light Trek is a small, lightweight trekking umbrella that offers high standards of stability and resistance even under unfavourable conditions.

FEATURES
- Extra lightweight, extremely strong, Teflon®-treated Polyester fabric with double stitched seams between segments
- Frame with special aluminium-profile-shaft, additional frame parts of fiberglass, anodized aluminium and fiberglass polyamide, all frame parts highly elastic, decay and corrosion-resistant
- High-density EVA hardfoam handle comfortable to the touch with integrated floating compass
- EVA hard-foam top provides additional abrasion protection for the canopy
- Comes in a rugged Nylon case with Polyester mesh sides and carrying loop that allows it to be attached to your backpack or belt as well as an aluminium carabiner for alternative mounting

Light Trek Automatic

Model
XE3032-LG (Light Green)
XE30329120 (Black)
XE3032330C (Green)
XE3032-TU (Ice Blue)
XE30329050 (Navy Blue)
XE3032-OR (Orange)
XE30329027 (Red)
XE3032SI17 (Silver)
XE3032115U (Yellow)

The Light Trek Automatic is the upgrade to the original Light Trek model. It utilises the same innovative design and construction materials, but also includes a handy push button for automatic opening/closing.

FEATURES
- Simple push-button open/close operation
- Extra lightweight, extremely strong, Teflon®-treated Polyester fabric with double stitched seams between segments
- Frame with special aluminium-profile-shaft, additional frame parts of fiberglass, anodized aluminium and fiberglass polyamide, all frame parts highly elastic, decay- and corrosion-resistant
- High-density EVA hardfoam handle comfortable to the touch with integrated floating compass
- EVA hard-foam top provides additional abrasion protection for the canopy
- Comes in a rugged Nylon case with Polyester mesh sides and carrying loop that allows it to be attached to your backpack or belt as well as an aluminium carabiner for alternative mounting

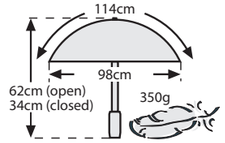
UMBRELLAS (CONTINUED)

Light Trek Automatic Flashlite

Model **XE3F329120** (Black)

Identical to the Lite Trek Automatic in looks and functionality but with one distinct difference. Instead of a compass, the handle features a bright long lasting LED flash-light that is also detachable. Simply twist the handle for instant illumination.

FEATURES
- High brightness LED light built into the handle
- 23 hours minimum operation with standard illumination, or 40 hours in reading lamp mode
- LED light unscrews from the handle for use as a hand-held torch with push-button for on/off signalling
- 100% rainproof
- Powered by 4 x 3V replaceable coin-cell batteries



Swing Liteflex

Model
XEW2L69120 (Black)
XEW2L6330C (Green)
XEW2L6IB (Ice Blue)
XEW2L6LG (Light Green)
XEW2L69060 (Navy Blue)
XEW2L6OR (Orange)
XEW2L69027 (Red)
XEW2L6SI17 (Silver)

Despite their incredible lightweight, the Swing Liteflex range are still extremely durable thanks to excellent craftsmanship and premium materials. When every ounce of gear counts, a Swing Liteflex is the ideal trekking umbrella.

FEATURES
- Frame consisting of high-density fiberglass ribs and an ultra-lightwieght fiberglass shaft with special coating for high flexibility and strength
- Lightweight and comfortable high-density EVA hardfoam handle with grooves ensures a dry grip on the handle when wet
- Canopy: 100% Polyester fabric canopy, ultra-lightweight and extremely tear proof with Teflon®-treatment for high water and dirt repellence
- Lightwieght, foldable sleeve case with net and non-slip fabric

ACCESSORIES

Holder Set

Model **XEZ111-SET**

By using the Holder Set you can fix your trekking umbrella or hiking pole to a backpack with suitable straps and/or loops. The Holder Set contains one pair of black neoprene holders and one pair of red adjustable bungee loops. The holding system doesn't just work with backpacks - you can also use it to attach your umbrella to baby carriers, golf bags and bicycles.

FEATURES
- Weatherproof neoprene holders with elasticity for a strong hold
- High tension adjustable bungee loops with plastic stoppers for easy fastening to backpacks, baby carriers, bicycles or other objects.

CLASSIC GROWLERS

Beer lovers, this one's for you! Klean Kanteen's stainless steel Growlers are a responsible, reusable way to grab beer on-the-go from your local craft beer maker. Beautifully designed, the Growlers will help keep your brew fresh and carbonated to make you the envy of beer connoisseurs everywhere! They're also great for stocking up at the juice bar or toting around other drinks.

LED LENSER®

XEO HEADLAMPS

LED LENSER have firmly cemented their position as world leaders in the development and innovation of portable LED lighting solutions with their new range of dual-light headlamps - the XEO series. Designed for those who don't see darkness as an obstacle, the XEO models combine serious brightness with superb features.

FEATURES

- Dual LED design - Delivers a maximum 2000 lumens brightness
- Smart Light Technology™ - Three different output settings as well as Dim(OPTISENSE), Strobe and Emergency functions
- Advanced Focus System® - Fine adjustment of lighting focal distance and beam diameter
- X-Lens Technology^{PRO} - The two lights can be focused independently, as well as operate in different output modes
- Dynamic Control Pad - Light modes and lens outputs are easily controlled and programmed for your situation using the intuitive control pad
- OPTISENSE Technology™ - Detects light levels in the surrounding area and adjusts brightness automatically to save battery life
- Air Intake - Air enters the headlamp from the front as you move, cooling the LEDs and allowing the XEO to maintain peak performance and brightness
- Ergonomically Designed Headband System - Provides comfortable wearing, features adjustable straps and a clip-lock system for quick attachment or removal of the battery and headlamp assembly
- GoPro® Mount Compatible - The headlamp and battery packs are compatible with the GoPro® range of mounting systems. Wear the XEO on your head or chest, mount it to a car, bike or boat - the possibilities are almost endless
- Headlamp assembly can be clipped directly to the battery pack for conversion to a flashlight
- USB Charging Port - The XEO battery pack not only powers the headlamp, it also features a USB port which can be used to charge smartphones, GoPro®s and other USB devices
- Tiltable Head
- IPX6 Water Resistance rating

Includes:	1 x rubber mounting strap, 1 x USB cable, 1 x battery, 1 x manual

The SEO Bike range are also available in a number of convenient bundle packages. Check the Zen Price List to to see what different bundles are available.

Model **ZL 9023** (B5R Grey Front Light with red B2R Red Rear Light)

NEO HEADLAMPS

The NEO headlamp series have been designed from the ground up with runners and active people in mind. Available in five neon colours, the LED LENSER NEO combines the superior LED technology with sleek design and a dynamic colour palette. It features the latest in German engineering and is designed to complement peripheral vision, providing 190 degrees of horizontal illumination and 150 degrees of vertical illumination. With 90 lumens brightness, 10m of effective range and 100 hours of battery life, the NEO shines bright enough to illuminate any activity, pushing the boundaries of dawn and dusk. It also features a flashing red light on the rear of the battery pack for added safety, LED LENSER's patented Smart Light Technology (SLT), weighs only 54g, and is splash resistant.

HARWARE KEYCHAIN

DoohicKey Multi-Tool

Model **XN KMT11R3** (Stainless)
XN KMTGB11R3 (Gravity Bin - 48pcs)

Made of durable stainless steel, the DoohicKey features a half-dozen tools that do everything from tighten bolts and screws, to open a drink bottle, all in a simple tool the size of a standard key. The DoohicKey also has a sturdy carabiner clip for easy attachment to key-rings or tool-belts.

FEATURES
- Key-sized multi-tool that easily attaches to an existing key chain or strap
- Secure stainless steel construction
- A variety of useful tools in a compact, easy to use design
- Features the following tools: box cutter, bottle opener, ruler, flat head screw-driver and wrench(1/4", 5/16" and 3/8" sizes)

Size: 64.8mm x 17.2mm x 2.5mm
Weight: 12g

DoohicKey QuicKey and SkullKey

Model **XN KMTQK11R3** (QuicKey)
XN KMTSK11R3 (SkullKey)

The size and shape of a house key, the DoohicKey QuicKey and SkullKey tools have all the functionality of a basic multi-tool with none of the bulk. These simple, key-shaped tools attach to a key ring, so they're always at hand. Made of durable stainless steel, the DoohicKey QuicKey and SkullKey Tools are travel and airport friendly

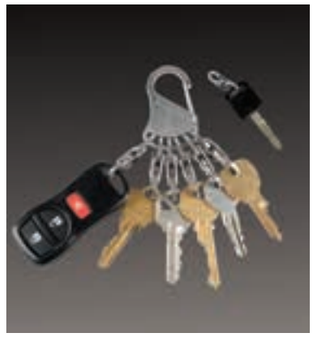
FEATURES
- Key-sized multi-tool that easily attaches to an existing key ring
- Two designs to choose from - QuicKey or SkullKey
- Durable Stainless Steel construction
- A variety of useful tools in a compact, easy to use design
- Features the following tools: scoring point, bottle opener, file, serrated edge, and slotted or #2 phillips driver
- Travel and airport friendly

SkullKey Size: 64.2mm x 25.2mm x 5.6mm
SkullKey Weight: 20.7g
QuicKey Size: 64.2mm x 25.2mm x 5.1mm
Quickey Weight: 19.56g

KeyRack Locker

Model **XN KLK11R3** (Stainless)

Made of high quality stainless steel, the KeyRack Locker features a sturdy, secure carabiner gate closure that allows you to clip your keys on and off belt loops, zipper pulls, purse straps, second key rings - anything with a loop or D-ring. The solid loop at the bottom holds six S-Biner MicroLock, stainless steel carabiners that feature a centre locking lever made of durable plastic. A simple twist effectively and securely locks the gate, and keeps it that way until you twist it open again - great for removing a single key from a ring to loan or leave behind.



FEATURES
- The KeyRack Locker's innovative S-Biner MicroLocks combine the innovation and versatility of the S-Biner to provide unique functionality, security and access to your keys
- Features a durable stainless steel carabiner clip which allows you to clip the KeyRack to an existing key chain, purse, jacket or strap
- Heavy duty construction of high quality Stainless Steel components - Keep your keys secure and easily accessible.

Product Weight: 37g
Dimensions: 78.10mm x 39.10mm x 15.20mm

HARDWARE CAMJAM

CamJam XT

Model **XN NCJSA01R3** (CamJam XT Black)
XN NCJSA01R8 (CamJam XT Black with 500 Paracord)

The CamJam XT features knot-free tightening and tensioning technology in a heavy-duty tool designed to tighten, tension and securely lock serious loads up to 127kg. Made of durable, cast aluminum, the CamJam XT holds cords from 2mm-5mm in width and comes in either a single pack or combination package with a 4.88m length of 550 paracord.

FEATURES
- Secure heavy loads by simply pulling the rope or cord through the cam mechanism.
- Easy to adjust and release tension
- Available in either a single pack or a combination pack that includes 1 x Cam-Jam XT and 1 x 4.88m section of 550 paracord
- Two attachment methods for ultimate versatility - Loop System and Fixed End System
- Achieve and maintain high tension without knots
- Made of durable cast aluminum for heavy loads
- Fits rope sizes 2mm-5mm

Single Pack Load Limit: 27kg | Break Strength: 380kg
Combo Pack Load Limit: 45kg | Break Strength: 136kg
Dimensions (CamJam XT only): 63.1mm x 33.6mm x 19mm
CamJam XT Weight: Single Pack - 38g | Combo Pack - 76g

HARDWARE GEAR TIE

Gear Tie Clippable

Model **XN GLZ032R7** (2pk Blue)
XN GLZ122R7 (2pk Pink)

The Gear Tie Clippable Twist Tie is a colourful, compact way to add Gear Tie functionality to everyday zippers, loops, and rings. With a sturdy plastic S-Biner on one end and a tough, flexible Gear Tie on the other, you can attach the Clippable Twist Tie to a zipper pull and use the Gear Tie to more easily grip and zip jackets, luggage, backpacks, and bags.

Dimensions: 107.3mm x 13.5mm x 8.8mm
Weight: 3.0g

INKA PENS

Inka Mobile Clip Pen and Stylus

Model **XN IMPC06R7** (Black)

With its sturdy stainless steel clip and quick clip S-Biner attachment, this everyday pocket version of the popular Inka Pen securely attaches to shirts, jacket, purses, or briefcase pockets.

FEATURES
- Durable, lightweight carbon fiber and polycarbonate components
- Features a quick clip Stainless Steel #.5 S-Biner that attaches to the stainless steel pen clip for on-the-go functionality
- Features a replaceable pressurised cartridge with waterproof ink
- Engineered to write in all conditions - underwater, at any altitude, in temperature extremes, and at any angle
- Stainless Steel clip is replaceable

Dimensions: 109mm x 16.25mm x 11.43mm
Weight: 11.91g

PETS

Meteorlight K9 LED Ball

Model **XN MTLP0803** (Blue)
XN MTLP0828 (Green)

The tennis ball-sized Meteorlight K-9 LED Ball is the perfect exercise toy for dogs during the evening or night. Push the button and the LED light begins its steady glow - making it easy for both dog and owner to spot the ball, even in long grass. Bright, durable, and water resistant, the Meteorlight floats and comes with two long-life, easily replaceable batteries.

FEATURES
- Fun exercise toy used for throwing and retrieving in a supervised setting. This product is not a chew toy
- Turn on and off by pressing and holding switch - will not turn off when bounced
- Easily replaceable 2 x 2016 3V batteries included
- Made of extra durable rubber

Diameter: 64mm
Weight: 125g

Flashflight Dog Discuit

Model **XN FFDD07R8** (Disco)

Designed for superior flight, the Flashflight LED Dog Discuit is a soft-touch plastic flying disc made specifically for night time play with your dog. It's illuminated by a super-efficient, long-lasting LED, so it glows brightly in the dark. The Dog Discuit is mouth friendly, bite durable, and has a canine-resistant cap that helps prevent dogs from chewing off the battery and LED housing. The Dog Discuit comes with two replaceable, long-life batteries.

FEATURES
- Easily replaceable 2 x 2016 3V lithium batteries included
- Push-button on/off switch
- Dog-safe battery cover
- The Flashflight Dog Discuit is not a chew toy. It is intended to be an exercise toy used in a supervised setting

Dimensions: 209.5mm (diameter) x 23.6mm (height)
Weight: 126g

TOYS

Meteorlight LED Ball

Model **XN MTL0803** (Blue)

The Meteorlight LED Ball is ideal for night-time games and people who like to play them. Just push the button to activate its long-life (100,000 hour) LED. With its bright, steady glow, the Meteorlight is excellent for throwing, catching, rolling, bouncing and juggling in the dark. Made of extra-durable thermo plastic rubber, the tennis ball-sized Meteorlight is water-resistant, floats, and comes with two long-life, easily replaceable batteries.

FEATURES
- Turn on and off by pressing and holding switch - will not turn off when bounced.
- Easily replaceable 2 x 2016 3V lithium batteries included
- Molded with durable thermo plastic rubber

Diameter: 64mm
Weight: 125g
